# Bombardier workers stand united to fight to keep jobs in Derby

**Saturday 23rd July**

1,400 highly skilled workers at Bombardier in Derby could lose their jobs because the government is set to award a contract to build new trains to a rival company, meaning most of the work will be done in Germany.

The government claims to be committed to UK manufacturing but it has dealt a massive blow to Bombardier and the city of Derby.

The East Midlands cannot afford to lose these highly skilled manufacturing jobs at the historic Bombardier plant, which has been providing local employment in Derby for 170 years.

The workers, along with their trade unions Unite, RMT, GMB and TSSA are determined to stop this happening to Bombardier workers and their families.

**DERBY DESERVES BETTER - SAVE OUR JOBS!**

**We are calling on people across the East Midlands to join a march and rally in Derby in support of 1,400 workers at Bombardier.**

## JOIN US

**Please come and join the march and rally on Saturday 23rd July at 10.00am**

**Start:** Bass's Recreation Ground (opposite Derby Bus Station),  
**St. Alkmunds Way, Derby. End:** Cathedral Green, Full Street, Derby.

**You can also support workers by signing the on-line campaign petition at**

**[www.unitetheunion.org](http://www.unitetheunion.org)**

which calls on the government to reverse its decision, and support UK manufacturing by awarding Bombardier the contract to build the new carriages for the Thameslink project.
