PETITION

SAVE

Burton's at Moreton

The Home of Cadbury's Chocolate Biscuits

Burton's Foods has been part of the Wirral since 1953. The company now wants to close the factory, which makes Cadbury's chocolate biscuits, by the end of this year and let 342 jobs melt away.

The factory closure is a betrayal. Burton's agreement guaranteed jobs until 2012 – a deal won in 2007 by workers, the community and their union. This needless closure will destroy jobs and livelihoods – Burton's is one of the last major employers in Wallasey.

All Burton's workers want a future with this company and are determined to fight back against the closure.

Please sign our petition and join us in our fight to save our jobs and protect our community.
