

# MARCH TO DEFEND THE **NHS** **FROM CUTS** AND PRIVATISATION

The NHS is under attack. The coalition reforms of the NHS will lead to the privatisation and break-up of our much loved NHS. The Health and Social Care Bill needs to be scrapped.

The NHS cuts are causing real pain as thousands of jobs are lost, waiting lists soar and services are rationed.

**Come and join the march**  
and tell the government that the NHS is not for sale.
