

BACK SACKED LIVERPOOL WORKERS

Join Unite for a rally on Friday 13 January from 12pm
at the Steble Fountain, William Brown Street, Liverpool
opposite Liverpool Mutual Homes (LMH)

Let's STOP the war on workers together

200 Liverpool workers, employees of Liverpool Mutual Homes, are facing the sack.

Passed from pillar to post, between different private companies, they have found themselves at the sharp end of Liverpool City Council's privatisation agenda.

Over the last ten years, the workers, who provide housing and repair services to the city's social housing tenants, have struggled against a constant attack on their livelihoods.

Unite says this war on workers has to STOP.

Join the rally and show your support for workers such as Sid, who along with 12 other colleagues was sacked in August after 26 years of loyal service.

The attack on Sid is an attack on us all.
