BAKKAVOR PREPARED PRODUCE

SAVE BAKKAVOR WORKERS FROM THE CHOP!!

Bakkavor Bourne is proposing to make 375 redundancies at Bourne Prepared Produce and slash conditions for the rest of the workforce. All Bakkavor workers want a future with this company and they are determined to win one. Our community cannot tolerate job losses on this scale at a time when the cuts are set to sweep through communities. Bakkavor is a crucially important employer in this town and we are appealing to our friends and neighbours, for the sake of our town, help us keep our jobs. Many families have members working side by side at the plant, including husbands and wives, and the threat of job losses is potentially devastating to families. Please sign our petition and join us in our fight to save Bakkavor jobs and protect our community.
