

Assistance for Managers Facing Difficult Times

Pub managers across the UK have access to a free helpline and possibly financial assistance when facing troubled times. This is provided by Licensed Trade Support & Care, a charity specifically for those working in the licensed drinks trade.

If you or someone you know is facing any of these sorts of problems, and could benefit from some help, please get in touch with Licensed Trade Support & Care.

- Housing problems
- Health issues, disability
- Financial difficulties and debt

Anthony Talbot was a pub manager for 25 years, but is no longer able to work. Along with heart disease and kidney problems, Anthony has recently been diagnosed with cancer of the eye. His flat is provided by the local authority, but Tony still struggles with virtually no income. Licensed Trade Support & Care can help Tony at this time by providing £12 every week to help pay essential bills and bought him a bed, which he could not afford.

Recognising the value of the charity's work, Licensees Unite have supported Licensed Trade Support & Care for three years.
