

Unite - the Union Celebrating Black History Month

We would like to pay tribute to the important contributions made by black members in our union and black people in Britain over many years.

UNITE Working for Race Equality

The membership of our union, UNITE is made up of workers from across all industries throughout the UK.

We have officers with responsibility for race equality issues; representatives for race equality on our executive body and also national and regional race equality committees for members' voices to be heard.

We are committed to:

Tackling Racial & Religious Discrimination; Promoting Equality of Opportunity; and Respect and Fairness in a United and Inclusive Society.

Do you think Black, Asian and Ethnic Minority Workers should have to put up with...

- Less Job Opportunities?
- Not Being Promoted?
- Being Allocated the Worst Jobs?
- Being Given the Worst Shifts?
- Name Calling by Colleagues/Managers?
- So called 'Racist Jokes'?
- The Silent Treatment or Being Ignored?
- Racist Graffiti?
- Physical Abuse?

No, neither do we.....

Don't Suffer in silence. Let UNITE be your voice.
