10th February 2006

AMICUS/C.S.E.U. MEMBERS
E.W.S./E.W.S.I.

Dear Colleagues,

AMICUS/CSEU MEMBERS

At an Engineering Company Council held 10 February 2006 the strongest possible representations were made to Management in respect of the serious implications to the terms and conditions of the membership which would be a consequence of their proposed introduction of a Level 2 Management Grade.

I can report that Management have agreed to temporarily suspend their proposals in order to facilitate formal discussions at the Engineering Company Council.

These discussions will take place 16/17 February 2006 and you will, of course, be kept abreast of any developments on this important issue.

Yours fraternally,

R.N. RIXHAM
REGIONAL OFFICER – INDUSTRIAL / RAILWAYS
