

STOP SOUTHAMPTON CUTS!

Q: How much does it cost to wage a war against your workforce?

A: £5 million

Q: Who pays the bill?

A: YOU

Stop Southampton Cuts!

Council leaders **Royston Smith** and **Jeremy Moulton** have borrowed £5 million from fellow Conservatives at Crawley council.

Is this money to be used to improve Southampton?

Is it for better services for you?

Will it save jobs? Will it be spent in your community?

The answer to all these questions is NO.

We're worried this colossal amount of money has been borrowed by Cllrs Smith and Moulton to help them wage war against the council's workforce

And guess who will pick up the bill? We're worried it'll be YOU.

Because the Cllrs want the workforce to sign away their jobs by July 11th – or be sacked. But Cllrs Smith and Moulton will still need to cut tens of millions more to meet their pledge to drain £67m from Southampton's budget.

So what next?

We fear it will be your services. The ones you pay for and rely on.

There is a better way. All Smith and Moulton need to do is drop their deadline and talk seriously with the workers and their unions about a solution. Until they do, we will continue to take industrial action.

So help us restore sense to our city.

Tell this Deadly Duo you don't want their war.

Support us as we say
Stop Southampton Cuts!
