Drop the bill

Our NHS is our greatest national achievement. It ensures health care is based on need, not wealth. It has cared for generations of working people. It places fairness at the heart of our society.

This is all in desperate danger.

The government's Health and Social Care Bill will destroy the NHS. It will put profit before patient care. The rich will go to the top of the queue; the poor will get what is left. And at a time of painful austerity, it saddles the country with a bill of £4 billion.

This is now a national emergency! We won't stop til the bill is dropped.

Join the day of protest at Parliament on Wednesday, 7 March from 2pm until 7.30pm. Methodist Central Hall, Westminster, London SW1H 9NH.
