# SAVE **OUR** NHS

If you can't attend the rally you can send a message of opposition to the Bill by texting the word NHS and your message to 86888.

**Tell us why you support the NHS.**

**The National Health Service is our greatest national achievement. It ensures health care is based on need, not wealth. It has cared for generations of working people. It places fairness at the heart of our society.**

**This is all in desperate danger. A bill is going through Parliament which will destroy the NHS as we all know it.**

**The government's bill is called the Health and Social Care Bill. It will put profit before patient care. It will allow the rich to go to the top of the queue; the poor will get what is left. It will cost £4 billion.**

**This is now a national emergency! We must work together to make sure the bill is dropped.**

**Join the day of protest at Parliament on Wednesday, 7 March from 1pm until 7.30pm. Methodist Central Hall, Westminster, London SW1H 9NH  
Transport available.**
