

Dear Colleague,

Let's Talk event

Thank you for coming to the recent Let's Talk event.

Enclosed with this letter is the submission that was sent to the Labour party's Policy Commission as a result of the debate that day. I hope you will agree that this reflects the views and strength of feeling that was expressed at the meeting.

The support and involvement of Amicus members such as you is important in making sure that Labour party policy is built on the experience of people who understand this area.

Once again thank you for your involvement and I hope to see you at similar events in the future.

Yours sincerely,

Event Organiser
