

Annual Professional Conference (20th – 22nd October 2010)

The research stand:

The Research Advisory Forum will have a stand at the conference and members of the forum will be available if you have any issues that you would like to discuss. There will also be a range of information available.

This year, as part of our work plan we are seeking your thoughts about what you consider are the important research issues for health visiting and the health visitor profession so please come to the stand and contribute to this piece of work.

Research network fringe meeting:

Subject: The Mentorship Programme

Facilitators: Pauline Pearson (Research advisory forum chair) and Annie Topping (Chair RCN Research Society/Huddersfield)

Date and time to be confirmed.

Research Clinic:

Members of the forum will be available during the conference to discuss specific issues that you may have about your research activity. You can either come along to the stand and talk to a member or make an appointment to speak to a forum member at a specific time. Appointments can be made at the stand during the conference.
