## **Developing the Child and Adolescent Mental Health (CAMH) Workforce**

A conference for those involved in providing CAMH and supporting service development.

**Higher education - an opportunity for practitioners to rethink the service they deliver.**

**Friday 26 March 2010**  
City University London  
Northampton Square  
Keynote speaker - Dr Fiona Warner-Gale

### **This conference will:**

- Highlight the benefits of higher educational training
- Share experience of innovation and implementation
- Encourage use of good practice across the CAMH workforce
- Highlight practice research and its benefits
- Illustrate the challenges of integrated working.

Workshops will offer delegates an opportunity to explore how presenters' research and learning is impacting on their thinking and practice and to consider wider applications.
