Dear Member of Parliament

I am taking part in a mass rally and lobby of Parliament on **Wednesday 28th March** by workers from the UK construction industry.

Amicus, the UK's largest construction union, is organising the protest against the exploitation of agency and migrant workers in the UK's construction sector and to demand that all publicly funded projects employ workers covered by union negotiated national agreements and who are directly employed.

I would like to meet you to discuss my concerns. Please contact me to arrange a convenient time and place on that day.
