

JOIN OUR DEMONSTRATION

Friday 5 January

For too long employers in the construction industry have been at best manipulating and diluting or at worst, ignoring existing national agreements for the construction sector.

Those agreements were reached to create a level playing field for directly employed and agency workers in the construction sector and protect ALL parties in this major employment sector.

AMICUS WILL NOT ALLOW THESE INJUSTICES TO
CONTINUE IN THIS BUOYANT ECONOMIC SECTOR

JOIN OUR DEMONSTRATION

Friday 5 January

The demonstration in Liverpool will be the start of a series of campaigns that will highlight our determination to force employers and agencies, that are guilty of such exploitation, to:

- adhere to national agreements;
- give the freedom of choice to individuals recruited onto long term projects to be directly employed by the project's main contractor;
- stop the exploitation of overseas labour;
- force the retraction of blacklists;
- encourage more investment and opportunities for young people to gain apprenticeships;
- force agencies to become more accountable and responsible to those who seek employment with them.

**Come and join the demonstration which starts at
10.00am Friday 5th January 2007 outside the
McDonalds in Lord Street, Liverpool City Centre.**

Speakers on the day will be Tom Hardacre, Lead Officer in the Construction sector and other union officials.
