theUNION

What is Unite the union and why should LBG staff be

Unite is the largest union in finance which represents staff in all large banking and insurance companies.

Staff in the LBG increasingly face daily stress and pressure at work as a result of unreasonable targets forced on them by management.

Unite the union know that the target culture, linked to bonuses, does nothing to benefit customers, especially now, and creates a culture that puts profits before customer service. The union is fighting to end the unnecessary pressure of targets which enforce unpaid overtime.

Together we can improve your life at work.

The targets policy at LBG has for too long been non-negotiable and bears no relation to the reality of the jobs that the staff do on a daily basis.

It is time for the bank to change this culture, not only for staff, but also to ensure that customers get the best possible service. Unite wants to challenge the bank's culture where the relentless pursuit of profits takes precedence over the needs of the hard-working staff and loyal customers.

Unite the union will fight with you to ensure your workplace is one where everyone is treated fairly and your voice is heard.

members?

We are a campaigning union that stands up for equality for all.

As Britain and Ireland's largest union, we use our considerable influence at all levels of government, at Westminster, the Scottish Parliament and the Welsh Assembly. We have been lobbying hard to ensure that ordinary workers in the finance sector do not pay the price for the failures of the boardroom of the banks.

We have the influence to raise the concerns of finance staff at the highest political level and lobby for legislation that will benefit members. The Unite Parliamentary Group is the largest trade union parliamentary grouping in Westminster, with 112 Labour MPs and around 20 Labour peers we aim to fully represent our diverse membership in the political arena.

Now is the time
to join Unite.

WE ARE STRONGER.**
