Petition

Colart has manufactured Winsor & Newton art products from Wealdstone for over 70 years. The company now wants to close the factory by the end of 2011 and move all its production to France.

Management says the factory is too old and can't be expanded. Unite believes Colart could find a new site nearby. But it seems Colart would rather condemn its loyal workforce to the employment scrapheap and send their jobs abroad.

PLEASE SIGN THE PETITION AND SAY

NO

TO FACTORY CLOSURE
AND 200 LOCAL STAFF BEING SCRAPPED
