PETITION

UK workers want fair access to UK construction projects

Unite the union is fighting for a fairer deal for workers on UK construction contracts.

The problem is that some employers are excluding UK workers from even applying for work on these contracts. This is unfair.

We also want to ensure that overseas workers on UK projects are paid agreed UK rates for the work they do – and the best way to do this is to ensure that UK workers and their unions work side by side with overseas workers.

Please support our campaign to ensure UK workers have fair access to all jobs on UK construction projects, and that every worker on UK projects gets a fair deal.
