

Speak Up For Public Services

**Rally in Central Hall,
Westminster**

from 1pm Monday 9 June 2008
Lobby MPs from 3.30pm

Unite is backing the TUC lobby
in protest of the reduction in living
standards for hundreds of thousands
of people working in the
Public Sector.

Public Sector employees have been
undervalued and there has been no
meaningful consultation over
widespread reforms of our public
services and the government's failure
to increase pay in line with inflation.

If we want the government to
listen, we must make sure our
voice is heard. It is vital we use this
opportunity to join together and tell
MPs that public service workers
deserve fair pay.
