The services will take place at the following times and Locations and will include Speakers the laying of wreaths and a minutes silence. Dignitaries Many Unions and their Representatives the HSE, and most important some of the families who have lost loved ones at work will be in attendance.

I would be very grateful for anyone who would like to help or support, even if they wish to attend and lay wreaths please do not hesitate to contact me contact me.

This will allow me produce the schedules for all the services for those wishing to attend and lay wreaths , everyone is welcome, Companies, Union s or Associations, any member of our community especially the relatives who have lost loved ones at work or from work related diseases.

Anyone wishing to lay wreaths on behalf of their loved ones will always be welcome to join us at any of the Workers Memorial Service s above. If you wish to have a loved one remembered and their names read out at all the services not just this year but every year thereafter I will require your families consent to do so. All fellow Workers will be remembered and their families will be treated with the utmost sympathy and respect. Please do not hesitate to contact me as soon as possible. We are there to remember our fellow workers and highlight just how important safety is in the work place. Many people are not aware of the hundreds that are killed or maimed at work and the thousands that have and are still dying from work related illnesses brought about by working with asbestos just one of the substances with a terrible legacy.

Sadly with cuts at some the workplaces and cuts to the HSE many more of our works colleagues are sadly going to be killed or injured at work Latest figures from the HSE are 171 deaths 2011-2012.
