Dear Colleagues

### RE: IMPROVING MAINTENANCE, PRODUCTIVITY & SERVICE

CSEU representatives wish to inform our CSEU members that a number of dates with regard to discussions related to improving maintenance; productivity and service have been scheduled in early January 05. These discussions will encompass a total review of EWS restructuring document and not just the arrangements for EWS team leaders.

No agreements will be made without consultation of the CSEU membership.

I hope the above is of assistance.

Yours fraternally

**A J MURPHY**  
**C.S.E.U. NATIONAL OFFICER**
